NOTICE OF ALLOWANCE

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 6, 2005 has been entered.

This is a Notice of Allowance in response to AMENDMENT filed December 6, 2005, in reply to the Final Office Action dated September 6, 2005.

The drawings received on 4/4/2002 are acceptable.

Claims 1, 4, 5, 7-14 and 16-38 were previously examined.

Claims 2, 3, 6, 7, 15 and 23 are cancelled.

Allowable Subject Matter

Claims 1, 4, 5, 8-14, 16-22 and 24-38 are allowed. Renumbered as Claims 1-32.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with MICHAEL BENTLEY on February 7, 2006.

The CLAIMS have been amended as follows:

Claim 16, on line 1, replaced "claim 15" with --claim 11--.

Claim 27, on lines 1 and 2, replaced the preamble " A method to test response of a computer component to inputs, comprising:" with the new preamble "A method of generating a test script for testing at least a portion of a system, comprising:"

Claim 35, on lines 1 and 2, replaced the preamble "An apparatus that tests response of a computer component to inputs, comprising:" with the new preamble "An apparatus of generating a test script for testing at least a portion of a system, comprising:"

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention recited in the independent claim 1, as currently amended, including inter alia, the limitations of "generating stimulus values by processing system requirements, generating a model of a computer component object behavior by processing the system requirements and testing requirements, and

Art Unit: 2138

converting the stimulus values and the model of the computer component object behavior into a test script".

Independent claims 11, 19, 27 and 35, as currently amended, recite limitations similar to the ones described in the independent claim 1, above.

Consequently, claims 1, 4, 5, 8-14, 16-22 and 24-38 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
